**(573) 797-0079 P.O. BOX 1263      JEFFERSON CITY, MO 65102**  
**(251) 767-7237 PO BOX 160902      MOBILE, AL 36616**

One session with no limits.

All sessions must be paid in full when booking to reserve your time.

**Your session ..... \$100**

Includes:

- No limits (Most sessions last 1-4 hours)
- Unlimited locations with the J.C. area!
- Unlimited outfits - Bring everything!!

**Session Add-ons:**

Share a session ..... \$60 each (Save \$40 each)

Add a friend to your session for double the fun while each of you save money! Each of you will receive your own personal ordering. But the real bonus comes when you can choose to create photos together.

**What you get with every session:**

Complete Creativity and Freedom!

I don't want to limit your style. That is why I don't limit your outfits or poses on any session.

How fast can you change outfits?

I will also help you pick the perfect backgrounds for your unique images. If you want an urban edge, a country scene, a creek, a lake, or a park, the choice is yours. Make sure to bring your favorite items, like your car, pets, friends, family, hobbies, and stuff from your school activities. Feel free to discuss your ideas and your dreams of the perfect session when we get together to chat about your session.

**Want to go all out?**

I also offer photo safaris! I will go wherever you want outside the Jefferson City Metro area but will require a special travel fee and expenses if overnight travel is required.

**How much will I be spending?**

I get a great many calls with the same question, "How much does it cost?" My clients usually invest somewhere between \$400 and \$1500. This is based on the average investment in the Jefferson City area. Why do I give you a price range? Because there are so many different ways to invest in your portraits, two people could invest the exact same amount and receive something totally different. So, there are choices for every budget!

When you choose your images, I will help you get the most for your money by finding out what is it that YOU WANT! Plus, you never have to worry about being pressured or

pushed into purchasing anything you do not want. I want you to feel good about what you purchase and happy that you did business with me.

Now to sum this all up, you know what the average investment is, and you know that I specialize in creative portraits, bringing you more variety, poses options and FUN than any photographer around!!

### **How do I chose my images?**

After your session, I will proof your images online for your convenience. I will help you choose your images and place your order so make sure whoever will be helping invest in your portraits is available to see your proofs. It's that simple!!

### **What to Order?**

Starting this year I will be offering unique coffee table style albums. My albums are the ultimate way to show off your images. They are also very portable. Take them to school, work, wherever to show everyone how much fun you had during your portrait experience with A Plus Photography.

### **Coffee Table Style Books**

Imagine the quality of a fine are book - printed and bound - as if pulled from the shelves of your favorite bookstore. Now imagine your images in there; vivid, glowing, unique. Beautiful gloss hard cover and soft cover styles are available; making a unique album that is unlike any other. Most albums will include all of your chosen images so that there are no limits to the creativity.

### Wall and Gift Portraits

The difference between pictures and portraits is the quality. Most people buy on price alone, forgetting that value and quality are even more important; these determine whether it is a good deal.

My Signature Portraiture is of the finest quality.

Gift portraits make the perfect gift for friends or relatives. They are professionally printed to the highest standards through a professional national lab.

Luster
16x20 \$229
11x14 \$99
